

SERVICE SOLUTIONS // AUTOFOM III™ UPGRADE

CONTINUOUS OPTIMIZATION AND UPGRADING

As the AutoFom™ is one of the most important tools for production and yield optimizations, it is crucial, that it is operational at all times.

Service slide.

One way to secure that, is by installing our service slide to your equipment. With the slide, one employee will be able to replace the AutoFom™ scanner array, while production is running. In just a few minutes.

With the service slide, you are ensured the required optimal data quality to guarantee that you get the most out of your AutoFom™, and that you always meet the exact market value.

Today, we offer to inspect your equipment in order to find a suitable way to install the service slide and perform the upgrade.

Do not hesitate to contact us for more information.
