## Food grade grease for handtools and non-ferrous metal pairings

The Frontmatec SLBG-B is a food grade NSF-H1 registered, high-quality, adhering, white grease. Specially formulated for slide bars and roller- and plain bearings.

The Frontmatec SLBG-B is a high performance, adhesive, water resistant, white grease, with superior lubricating properties. The grease has particularly low friction values between non-ferrous metal- and steel-pairings. Therefore, this SLBG-B grease provides great protection against wear and corrosion. The SLBG-B is formulated with several anti wear systems including P.T.F.E.

### Specifications

Chemical composition	Pharmaceutical and medical quality hydrocarbons and synthetic oils, aluminium soap, active substances. All NSF-H1 registered.
NSF H1 Reg. number	152258
Resistance to water	1-90 DIN 51 807 T1
Appearance	White, soft
Operating temperature	-25°C to +120°C/-13°F to +248°F
Walk penetration	Approx. 280 1/10 mm DIN ISO 2137
Density (20°C)	0,95 g/cm <sup>3</sup> (+/- 0,01)
Oil separation	< 1% (K) DIN 51 817
Package	400 g cartridges (with 25 pcs/case) 18 kg or 50 kg container 0.88 lb cartridges (with 25 pcs/case) 40 lb or 110 lb container

Technical changes are subject to alterations.
