

Matthews Marking Systems Sweden AB
Möbelgatan 4

43133 Mölndal

November 24th, 2025

Certificate

It is hereby confirmed to Matthews Marking Systems Sweden AB that the product

Ink 71201663-71202133-41224824 with
Cleaner 41210924-71215530-41210924-71210465

meets the hereafter mentioned requirements in regards to its formula and intended application (food labelling according to VO (EG) 1333/2008 Artikel 17).

The test was carried out based on the formulation, the safety data sheets of the respective products and the indicated intended use.

The product was produced in compliance with the generally approved technical rules, HACCP, QM, safety data sheets and hygiene regulations. Confirmed by an inspection carried out by us on 21.12.2022.

The intended purpose of the product is stated in the declaration. The products must be stored according to the specified conditions and the transport temperatures must be adhered to. All products are marked with a best before date and contain a batch identification for traceability.

The present certificate is valid for the specified period of use under the relevant EU and national regulations currently in force, laws, directives and standards according to the Foodstuffs and Consumer Goods Act.

The product must not be applied to regenerated cellulose film with direct food contact.

The list of tested legal requirements can be found in the appendix.

In the case of application outside the intended use, the validity of the certificate shall expire and the resulting liability is transferred to the customer. The customer shall ensure that no misappropriation with regard to the application for the product takes place. This certificate has been issued on the basis of the legal standards currently in force. If the legal situation changes, a new review must take place.

Marco Tröster
Graduate chemist

This certificate is valid until November 2028.

All reported results are only applicable to the above mentioned specimen.

Without written consent this report must not be duplicated.

Our liability is limited to five times the amount of the remuneration of the contract regarding this lab report.
